

Liste der bewilligten Forschungsprojekte 2024 *Liste des projets de recherche acceptés en 2024*

Im [Forschungsportal](#) finden Sie Informationen zu allen Projekten, die die Stiftung Krebsforschung Schweiz und ihre Partnerorganisation Krebsliga Schweiz seit dem Jahr 2005 gefördert haben.

Dans le [portail de recherche](#), vous trouverez les informations sur tous les projets soutenus par la fondation Recherche suisse contre le cancer et son organisation partenaire, la Ligue suisse contre le cancer, depuis 2005.

Basic research

Dengjel Jörn | Regulation of selective autophagy in cutaneous melanoma
Department of Biology, Université de Fribourg (UniFr), Fribourg
CHF 249 375 | 24 months | [KLS-6168-08-2024](#)

Clinical Research – patient-oriented

Brack Eva | Swiss 2024 fever monitoring study. An investigator initiated double-blinded, randomized controlled multiple crossover superiority trial on continuous fever monitoring with or without fever alerts in paediatric patients with cancer at risk for fever in chemotherapy-induced neutropenia
Department of Pediatric Oncology and Hematology, Inselspital Bern, Bern
CHF 364 153 | 44 months | [KLS-6212-08-2024](#)

Schneidawind Dominik | Evaluation of pragmatic geriatric assessment for the prediction of toxicity and outcomes in older patients scheduled for chimeric antigen receptor T-cell therapy or bispecific antibody therapy
Medical Oncology and Hematology, Universitätsspital Zürich (USZ), Zurich
CHF 375 000 | 42 months | [KLS-6172-08-2024](#)

Epidemiological research

Chiolero Arnaud | Working conditions and breast cancer outcomes
Population Health Laboratory (#PopHealthLab), Université de Fribourg (UniFr), Fribourg
CHF 256 948 | 42 months | [KLS-6161-08-2024](#)

krebsliga schweiz
ligue suisse contre le cancer
lega svizzera contro il cancro

Health services research

Selby Kevin | Public preferences for organised lung cancer screening programmes in Switzerland: a discrete choice experiment

Département des Policliniques, Centre universitaire de médecine générale et santé publique (Unisanté), Lausanne

CHF 363 045 | 36 months | [KLS-6156-08-2024](#)

Psychosocial research

Becker Christoph | CARE-INSIGHTS: cancer and realistic expectations - insights into prognostic understanding, preferences, inequalities, needs, support, and empowerment for patients and family members

Medical Communication / Psychosomatic, Universitätsspital Basel (USB), Basel

CHF 128 400 | 24 months | [KLS-6179-08-2024](#)
